

# Basic FATE - International Course Echocardiography for Anesthetists

**18.04.2020 Linz, Austria**

## Basic FATE (Focus Assessed Transthoracic Echocardiography)

FATE is the original Focused Echo Protocol practiced since 1989.

FATE fast and easy to learn and can be applied in a multitude of clinical scenarios: perioperatively as well as in intensive care medicine, emergency medicine and resuscitation - there are no limitations. FATE also provides a quick guidance to interpret sonocardiographic findings and how to put them into clinical context.

**Basic FATE** (e-learning + one day HOT\* course): Based on two dimensional imaging of the easiest cardiac views including M-mode.

## Objective

Provide the attendees with basic sonocardiographic needs for the non-cardiologist in order to guide cardio-pulmonary optimization.

## Who Can Attend

Physicians of all specialties facing acute patients, e.g. anesthesiologists, intensivists, emergency physicians, internists, surgeons, general practitioners.

## Pre-course qualification

No prior ultrasound experience is required. It is highly recommended to prepare the theoretical basics provided by an easy-to-use e-learning module. The course will primarily consist of hands on training (HOT)!

## Language

English & German (HOT)

## Registration fee

540€ (290 € H, CZ, SK, SL, HR, BIH, RS)  
Incl. e-learning, 1-day workshop & lunch

## Bank account:

Anästhesie at Hypo Landesbank AG BIC (SWIFT-Code): OBLAAT2L  
IBAN: AT94 5400 0000 0495 3634  
Purpose of Payment: Basic FATE Course Fee

## Venue

Anästhesie, OK Linz Elisabethinen, Fadingerstr. 1, 4020 Linz, Austria

## Further information and registration

[diana.thuerriedl@ordensklinikum.at](mailto:diana.thuerriedl@ordensklinikum.at) +43-732-7676-3500

A certificate for 48 DFP-points will be issued upon completion of the course.

## Course Schedule

8:30 – 08:45	Introduction
8:45 – 09:00	Highlights to HOT-1
9:00 – 10:15	HOT* 1 - Knobology, FATE views, FATE card page 1, IVC if time allows
10:15 – 10:30	Coffee-break
10:30 – 10:45	Highlights to HOT-2
10:45 – 12:00	HOT 2 - Knobology, Repetition of Basic imaging views, M-mode in pos 2, MAPSE/TAPSE
12:00 – 12:45	Lunch
12:45 – 13:00	Highlights to HOT-3
13:00 – 14:15	HOT 3 - Knobology, Repetition HOT 1-2, M-mode in pos 3, PLAX view, extended views if time allows
14:15 – 14:30	Coffee Break
14:30 – 14:45	Highlights to HOT- 4
14:45 – 16:00	HOT- 4 - Certification and scenario training, discussion, evaluation

## Faculty

<b>Course Director</b>	Alexander Kulier, M.D.
<b>FATE EKH Co-Founder</b>	Danijela Debelic, M.D.
<b>Chief Instructor</b>	Michael Kellermayr, M.D.
<b>Instructors</b>	Daniel Konrad, M.D. R. Steringer-Mascherbauer, M.D. Miklos T. Gal, M.D., Oxford, UK Mario Bella, M.D. Sebastian Stitz, M.D.
<b>Administrator</b>	Diana Thürriedl

\*HOT - Hands on Training
